Doctor Fiterman®

HYALIA

EXPERT FILLER

6 MOLECULES OF
HYALURONIC ACID

Doctor Fiterman®

Doctor Fiterman® Dermocosmetics formulated and developed by our specialists benefit from the pharmaceutical expertise accumulated over 30 years.

Doctor Fiterman® products are developed under strict pharmaceutical standards and comply with the highest international quality standards. Our specialists carefully select and verify the raw materials, choosing ingredients with low allergenic and sensitizing potential.

The science
of skin beauty

All Doctor Fiterman® products are dermatologically tested for efficacy and tolerability.

During the manufacturing process of Doctor Fiterman® products, purified water is used, obtained through successive filtration and reverse osmosis processes, according to quality standards, with a low conductivity of maximum 4.3 $\mu\text{S}/\text{cm}$ at 20°C and a controlled level of pH and microbiological attributes.

HYALIA

NEEDLE-FREE FILLER

SIGNS OF SKIN AGING

Changes in skin texture, loss of soft tissue and decreased structural support lead to the appearance of signs of aging. Around the age of 40, the skin produces less collagen than in its 20s, becoming naturally thinner, which leads to a loss of firmness, elasticity and volume, which alters the proportions of the face. The formation of fine lines and wrinkles are visible signs of aging that can be reversed.

WRINKLES + FINE LINES DULL APPEARANCE

Skin aging is caused not only by age, but also by external factors such as excessive sun exposure, smoking, an unhealthy lifestyle and stress.

- With 30 years of pharmaceutical experience, Doctor Fiterman® specialists have developed a special range of dermacosmetic products – **HYALIA EXPERT FILLER** – designed to reduce the effects of factors that accelerate skin aging.

Doctor Fiterman®

HYALIA EXPERT FILLER

Skincare Line

HYALURONIC ACID

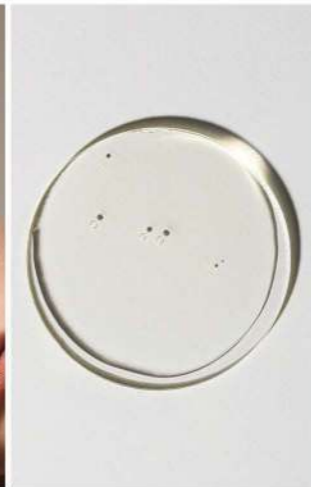

- Retains water molecules and forms a protective barrier that prevents moisture loss from the epidermis; providing long-lasting hydration

- Supports skin firmness & tone

- Reduces the appearance of wrinkles & fine lines

DISCOVER THE EFFECT

HYALIA

EXPERT FILLER

6 HYALURONIC
ACID MOLECULES

NEW

COMPOSITION

6 MOLECULES OF
HYALURONIC ACID

NANO HA NEEDLE-FREE FILLER

cosmetic alternative
to the injectable fillers

1 molecule

ENSURES LONG-LASTING HYDRATION

- Penetrates the deep layers of the skin, twice as deep as conventional molecules
- Resistant to hyaluronidase, enhancing its long-term performance on the skin
- Prevents collagen degradation

MACRO HA

2 molecules

MAINTAINS THE HYDRATION LEVEL FROM THE INSIDE

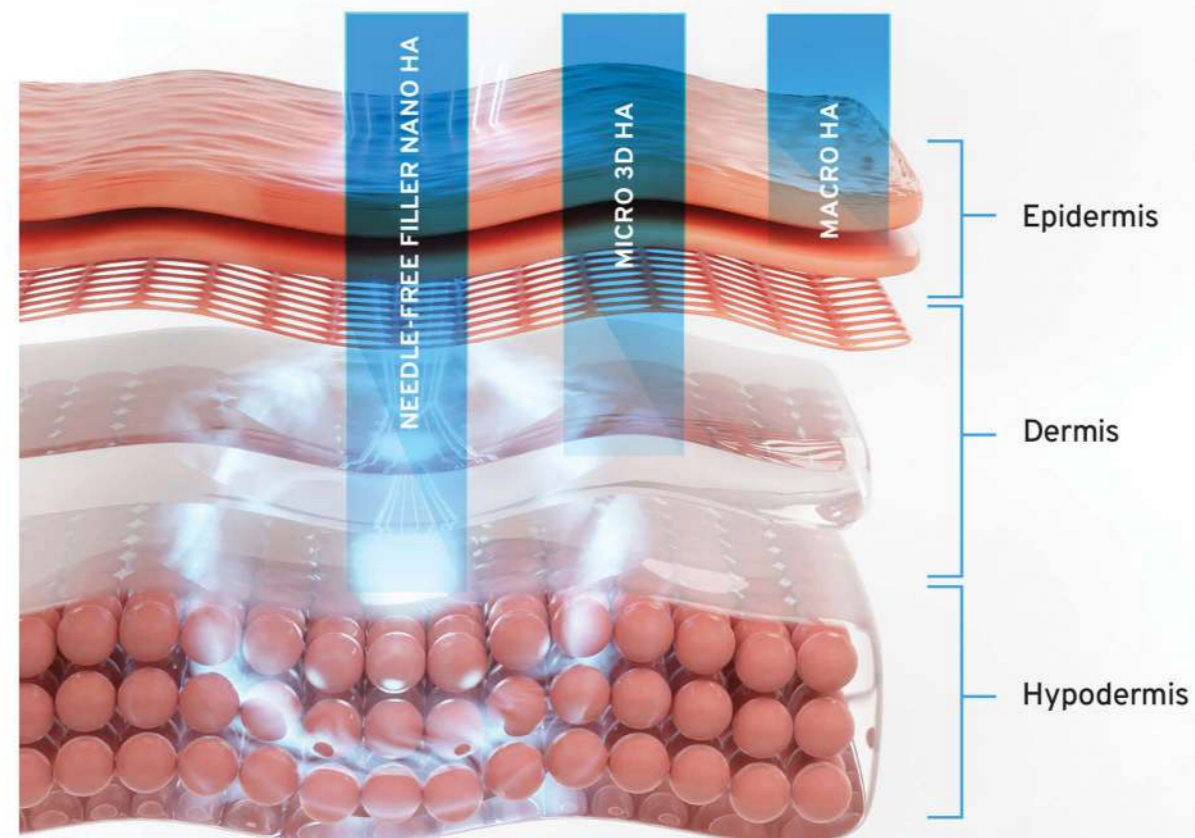

- Forms a protective layer on the surface of the skin – **the epidermis**
- Prevents water loss from the upper level of the skin

MICRO 3D HA

3 molecules

SUPPORTS DEEP HYDRATION

- Penetrates the middle layers of the skin, up to **the dermis**
- Improves elasticity from the inside out

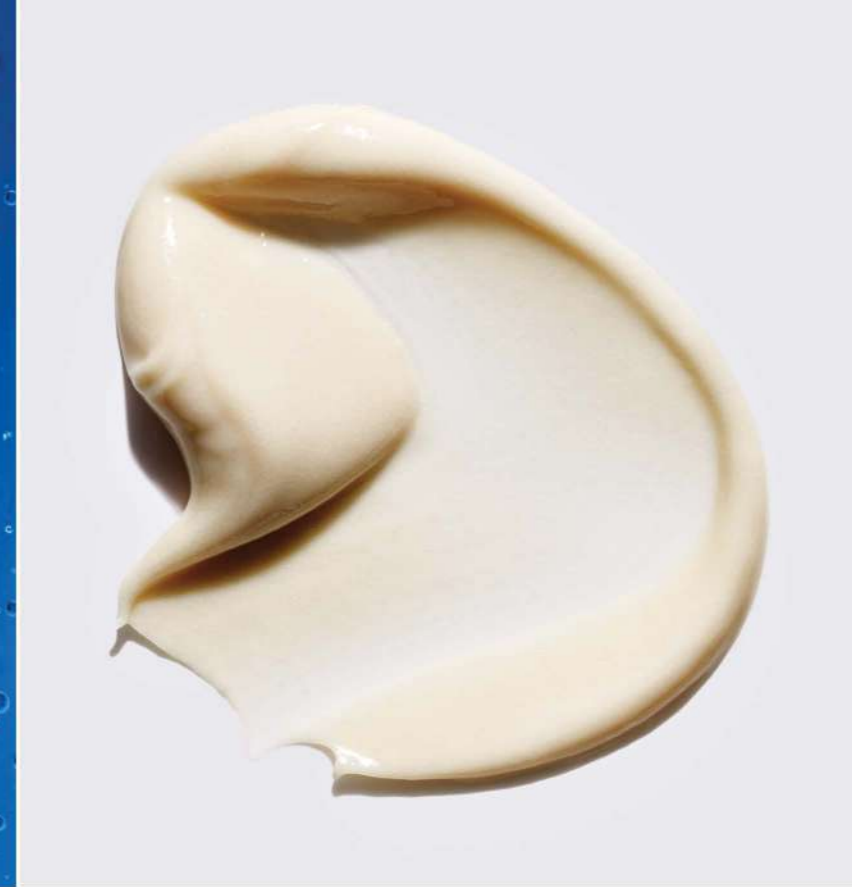

● **MACRO HA - 2 MOLECULES**
Quickly smoothes fine lines

● **MICRO HA - 3 MOLECULES**
Restores skin elasticity

● **NANO AH NEEDLE-FREE FILLER (1 MOLECULE)**
Hydrates the deepest layers of the skin

● **NATURAL ORIGIN EMOLIENTS**
Strengthens the skin's natural barrier

01. Anti-wrinkle serum

INSTANT HYDRATION

The skin hydration effect appears one hour after application and is maintained for 48 hours.

*Clinical evaluation, 20 women, 4 weeks.

INTENSE ANTI-WRINKLE EFFECT

The complexion is redensified and wrinkles are reduced:
Forehead: -18.92%;
Eye area: -15.79%;
Nasolabial: -10.13%.

With a complex composition of 6 hyaluronic acid molecules, including an innovative one with a needle-free filler effect, the **HYALIA EXPERT FILLER** anti-wrinkle serum helps to volumize the skin and regain its natural radiance and youthful appearance.
